SUMMARY

I am a passionate software development student currently pursuing my MCA. With strong technical skills in full-stack web development and a solid foundation in computer science, I aim to contribute to innovative projects while growing in a dynamic IT environment. I am keen on applying my academic knowledge to real-world challenges, eager to learn and adapt in the fast-evolving tech landscape

EDUCATION

MCA

Kongu Engineering College

08/2024 - 05/2026

BSc (CS)

Nadar Saraswathi College of Arts and Science

08/2021 - 05/2024

HSC

Government Girls Higher Secondary School

06/2020 - 05/2021

SSLC

Government Girls Higher Secondary School

06/2019 - 05/2020

SKILLS

Technical skills

Java | Python | React | Express.js | Github | Vscode | MongoDB | SQL

Soft skills

Communication | Team Collaboration

PROJECTS

Academic Resource Hub (Mern Stack)

It is similar to a classroom platform but includes additional features tailored for freshers

- Designed a web application to improve student access to academic resources
- Utilized React.js for front end and Node.js, Express.js, MongoDB for backend

CineScope – Movie Exploration Platform (Mern Stack)

FilmVerse is a React-based movie discovery app that lets users explore Popular, Top Rated, and Upcoming movies using TMDB API.

- It provides complete movie details like rating, reviews, budget, runtime, and release date. Users can watch trailers on YouTube and open the movie page directly on IMDb. The app uses React Router for smooth navigation and offers a clean, responsive UI for a better user experience.
