## Professional Summary

MCA graduate with a strong foundation in Python, Java, SQL, databases, data processing, REST APIs, and machine learning. Experienced in backend development, database operations, debugging, testing, and data preprocessing through internship and academic projects. Interested in data engineering, analytics, scalable data processing, and machine learning solutions.

## Technical Skills

**Programming:** Python, Java, SQL
**Data & Databases:** MySQL, PostgreSQL, MongoDB, Data Processing, Data Preprocessing
**Backend & APIs:** FastAPI, REST APIs, Postman
**Machine Learning:** NLP, Machine Learning, TF-IDF, Transformers, Embeddings, RAG, LLM APIs
**Core:** DBMS, Data Structures & Algorithms, OOP, Distributed Systems Fundamentals, Problem Solving
**Tools:** Git, GitHub, VS Code

## Experience

**Aintiram Web Technology** — **Software Development Intern / L&D Trainee**

- Developed backend applications using Python, FastAPI, REST APIs, and SQL, gaining hands-on experience in application and data processing workflows.
- Worked with database operations, data handling, debugging, and testing to support reliable application functionality.
- Developed and tested REST APIs, investigated application issues, and followed Git-based version control and structured problem-solving practices.

## Projects

**Fake News Detection System**
*Python — NLP — Scikit-learn*

- Processed and analyzed textual datasets to classify news articles as real or fake using Python.
- Performed data preprocessing and applied NLP techniques with TF-IDF for feature extraction.
- Built and evaluated supervised machine learning models using Scikit-learn and analyzed classification performance.

**Movie Exploration Platform**
*React.js — REST APIs*

- Developed a movie exploration application to browse and discover films by category.
- Integrated third-party REST APIs to retrieve and process movie information including ratings and reviews.
- Managed asynchronous API responses and application state using React hooks.

## Education

**Master of Computer Applications (MCA)** — **2026**
*Kongu Engineering College, Erode* — *CGPA: 8.20 / 10*

**B.Sc. Computer Science** — **2024**
*Nadar Saraswathi College of Arts and Science, Theni* — *CGPA: 7.4 / 10*

## Certifications

- MySQL Implementation Certified Associate – Oracle (July 2025)
- Data Visualization: Empowering Business with Effective Insights – Forage (June 2025)
