Objective

Enthusiastic and detail-oriented Software Developer with strong knowledge of Java, React.js, REST APIs, and database management. Passionate about developing efficient, scalable, and user-friendly applications. Seeking an opportunity to apply technical skills, problem-solving abilities, and continuous learning mindset to contribute effectively to a dynamic software development team.

Education

Master of Computer Applications (MCA) **2026**
Kongu Engineering College, Erode *CGPA: 8.20 / 10*

B.Sc. Computer Science **2024**
Nadar Saraswathi College of Arts and Science, Theni *CGPA: 7.4 / 10*

Technical Skills

Programming Languages: Java, Python
Frontend: HTML5, CSS3
Backend & APIs: FastAPI, REST APIs
Databases: SQL, MongoDB, SQLite
AI & LLM: LLM APIs, Prompt Engineering, NLP, Transformers, Hugging Face, RAG, Embeddings
Core Concepts: Data Structures & Algorithms, Object-Oriented Programming, DBMS, SDLC, Problem Solving
Developer Tools: Git, GitHub, VS Code, Postman

Experience

Aintiram Web Technology
Software Development Intern / L&D Trainee

- Developed and practiced software engineering concepts through hands-on work with Python, FastAPI, REST APIs, SQL, and web technologies.
- Worked on application development tasks involving backend APIs, database operations, debugging, and testing.
- Collaborated in a professional development environment and followed software development practices including Git-based version control and structured problem solving.

Projects

Movie Exploration Platform
React Application
– Developed a movie exploration application to browse and discover films by category.
– Integrated third-party REST APIs to fetch movie information such as ratings and reviews.
– Managed asynchronous data handling and component state using React hooks.

Fake News Detection System
Machine Learning Project
– Performed data preprocessing and analysis to classify news as real or fake.
– Applied NLP techniques and TF-IDF for feature extraction.
– Evaluated supervised machine learning models using Python and Scikit-learn.

Certifications

- MySQL Implementation Certified Associate – Oracle (July 2025)
- Data Visualization: Empowering Business with Effective Insights – Forage (June 2025)
