Professional Summary

MCA graduate with a foundation in Python, SQL, data analysis, and machine learning. Familiar with Pandas, NumPy, Scikit-learn, NLP, and TF-IDF, with project experience in data preprocessing and text classification. Experienced in backend development using FastAPI and REST APIs, with knowledge of LLM APIs, embeddings, and RAG. Interested in building practical AI/ML solutions and reliable ML-powered applications.

Technical Skills

Programming: Python, SQL, Java
Data Analysis: Pandas, NumPy, Data Preprocessing, Feature Extraction
Machine Learning: Scikit-learn, Supervised Learning, NLP, TF-IDF, Model Evaluation
LLM & GenAI: LLM APIs, Prompt Engineering, Embeddings, RAG, Transformers
Backend & APIs: FastAPI, REST APIs, Postman
Databases: MySQL, PostgreSQL, MongoDB
Core Concepts & Tools: OOP, DSA, DBMS, Git, GitHub, VS Code

Experience

Aintiram Web Technology — **Software Development Intern / L&D Trainee**

- Worked on backend application development using Python, FastAPI, REST APIs, and SQL.
- Performed database operations, debugging, and testing to support application functionality and reliability.
- Developed and tested APIs, investigated application issues, and used Git-based version control.

Projects

DocuMind AI
Python — FastAPI — RAG — Embeddings

- Developing a document question-answering application using Python and FastAPI to support document-based information retrieval.
- Implementing PDF processing and preparing document content for embedding generation and semantic search.
- Building toward a RAG workflow to retrieve relevant document context and answer user questions using LLM APIs.

Fake News Detection System
Python — Pandas — NumPy — NLP — Scikit-learn

- Processed textual data and applied NLP preprocessing and TF-IDF feature extraction to classify news articles as real or fake.
- Built and evaluated supervised machine learning models using Scikit-learn.
- Analyzed model performance to understand classification results and prediction reliability.

Education

Master of Computer Applications (MCA) — **2026**
Kongu Engineering College, Erode — *CGPA: 8.20 / 10*

B.Sc. Computer Science — **2024**
Nadar Saraswathi College of Arts and Science, Theni — *CGPA: 7.4 / 10*

Certifications

- MySQL Implementation Certified Associate – Oracle (July 2025)
- Data Visualization: Empowering Business with Effective Insights – Forage (June 2025)
